## Department of Petroleum Technology

### The department's activities in the field of conferences and seminars 2010 - 2020

Activities	Date
<b>Activities 2020</b>	
Seminar entitled Interpretation of seismic reflection data	<b>24/2/2020</b>
The scientific symposium tagged natural gas - its investment and environmental impacts	<b>5/2/2020</b>
Seminar entitled Modern Developments in Renewable Energies	<b>27/1/2020</b>
A seminar entitled Environmental Disaster Management	<b>23/1/2020</b>
A seminar entitled Types of oil contracts	<b>9/1/2020</b>
A scientific lecture on general geology for the department's engineers	<b>7/1/2020</b>
<b>Activities 2019</b>	
<b>1st International Conference on Petroleum Technology and Petrochemicals-2019</b>	<b>10-11/5/2019</b>
A workshop entitled safety and security in dealing with chemical and petroleum materials	<b>28/4/2019</b>
A workshop on an introduction to the curriculum system and the mechanism of admission and registration in the courses system	<b>19/3/2019</b>
The scientific symposium tagged the use of artificial intelligence in the development of oil fields in Iraq	<b>25/2/2019</b>
A seminar entitled the study of corrosion in oil pipelines and reducing friction in pipelines	<b>27/12/2018</b>
Seminar entitled Improving Oil Recovery	<b>24/12/2018</b>
The scientific symposium tagged the effects of oil operations on the environment of the southern regions	<b>6/12/1018</b>
A seminar titled methods of oil exploration and techniques for converting gas to liquid	<b>15/11/2018</b>
A seminar entitled Horizontal Drilling and the Social and Health Effects of Modern Electronic Means	<b>5/11/2018</b>
A seminar entitled Horizontal Drilling and the Social and Health Effects of Modern	<b>1/11/2018</b>

Electronic Means	
The second seminar : work documentation and procedures	<b>22/10/2018</b>
Seminar entitled Technological Education Theories and Fulbright Scholarly Exchange Initiative Program	<b>15/10/2018</b>
The first seminar : work documentation and procedures	<b>25/9/2018</b>
<b>Activities 2018</b>	
Instructions and skills in work procedures, safety and security in chemical laboratories	<b>4/4/2018</b>
How to Design Project	<b>26/3/2018</b>
Energy and Fuel Management	<b>26/3/2018</b>
How to get your article published	<b>19/3/2018</b>
Deulfurization of Crude Oil	<b>19/3/2018</b>
Composite Materials	<b>4/2/2018</b>
Synthesis of Biofuel	<b>4/2/2018</b>
<b>Activities 2017</b>	
Student scientific symposium for summer training in the Department of Petroleum Technology	<b>28/12/2017</b>
The participation of teaching staff from the department in the third conference on environment and sustainable development	<b>15-16/11/2017</b>
<b>Activities 2016</b>	
A workshop on the portfolio	<b>11/10/2016</b>
The head of the Petroleum Technology Department attends the monthly forum of the Ministry of Oil	<b>30/1/2016</b>
A teacher in the department participates in a scientific conference in Turkey	<b>7-9/10/2016</b>
(Course on Engineering Education through Problem Based Learning (BPL	<b>1/11/2016</b>
<b>Activities 2015</b>	
The head of the Petroleum Technology Department participates in the third Iraq Oil and Gas Conference	<b>28-29/10/2015</b>
A teacher in the department participates in the international visitor program	<b>24/1-13/12/2015</b>
Seminar in the Department of Petroleum Technology	<b>15/11/2015</b>

<b>Activities 2014</b>	
An engineer from Shell International gives a lecture in the oil technology department	<b>28/12/2014</b>
The Department of Petroleum Technology holds a seminar in cooperation with the Oil Projects Company	<b>2/11/2014</b>
A teacher in the Department of Petroleum Technology participates in the Fifth Quality Assurance Conference in Kufa	<b>14-15/5/2014</b>
The Department of Petroleum Technology organizes the third student symposium on oil sites	<b>18/5/2014</b>
A teacher in the Department of Petroleum Technology participates in a scientific symposium	<b>5/5/2014</b>
A seminar in the Department of Petroleum Technology on the occasion of the University Day	<b>15/4/2014</b>
The optimal exploration of hydrocarbon in Iraq	<b>1/4/2014</b>
<b>Activities 2013</b>	
Scientific symposium on the exploitation of gas in Iraq	<b>19/11/2013</b>
The second Iraq Oil and Gas Conference	<b>24/10/2013</b>
Seminar on drug dangers	<b>19/3/2013</b>
Iraq Academy of Energy holds the first gas workshop	<b>26/5/2013</b>
The Department of Petroleum Technology participates in the second scientific conference on modern technologies in oil refining	<b>14-16/5/2013</b>
The first student symposium with the participation of SPE in the Department of Petroleum Technology	<b>9/5/2013</b>
The department participates in the third National Energy Forum	<b>23-26/4/2013</b>
A course on occupational health and safety system	<b>14-25/4/2013</b>
Lecture on laboratory rehabilitation in the Department of Petroleum Technology	<b>9/4/2013</b>
Student scientific symposium for summer training in the Department of Petroleum Technology	<b>3/4/2013</b>
The University of Technology dispatched the head of the department to Kut and Erbil	<b>23-28/3/2013</b>
The participation of the students of the department in the second Scientific Youth Sovereignty Festival	<b>28/3/2013</b>
Seminar on the dangers of drugs and their effects on society	<b>19/3/2013</b>

Modern technology in drilling oil and gas wells in a scientific lecture	<b>14/3/2013</b>
<b>Activities 2012</b>	
Participation in the conference of university presidents at the University of Duhok	<b>15-16/12/2012</b>
Participation in the Gate Energy Conference in Turkey	<b>27-28/12/2012</b>
Joint scientific symposium (economics of oil and gas in Iraq and future prospects	<b>27/12/2012</b>
Participation in the workshop on civil society organizations and stakeholders in the field of the environment	<b>23/12/2012</b>
Participation in the International Conference on Engineering in Canada	<b>17-18/12/2012</b>
Participation in the activities of the Energy Forum, which included a number of workshops	<b>11-13/12/2012</b>
Attending the International Conference for the Development of Education in Iraq	<b>27/11/2012</b>
Holding an introductory lecture on the International Society of Engineers (SPE	<b>13/11/2012</b>
Attending the first international conference on water resources engineering	<b>12/11/2012</b>
A scientific symposium on the curriculum in the department	<b>6/11/2012</b>
A seminar entitled (Iraqi Oil Marketing: Standards, Prices, Challenges	<b>16-10-2012</b>
Concluding a joint scientific memorandum of understanding with the Iraqi Drilling Company / Ministry of Oil	<b>2/10/2012</b>
Participation in a workshop held in Erbil by IREX	<b>19-22/6/2012</b>
Participation in the symposium establishing the Center for Cofactors and Zimes in the Ministry of Oil	<b>22/5/2012</b>
Lecture on controlling viral hepatitis	<b>10/5/2012</b>
Seminar (Radioactive materials of natural origin in the petroleum industries) in the University of Technology	<b>30/4/2012</b>
A scientific lecture on quality and academic accreditation given by Mrs. Director of the Quality and Academic Accreditation Department	<b>23/4/2012</b>
A lecture for the oil research and development center given by the director of the center	<b>12/4/2012</b>
Student seminar for summer training in petroleum technology	<b>13/3/2012</b>
The Department of Petroleum Technology participates in the Iraq Energy Academy symposium	<b>25/2/2012</b>
The Department of Petroleum Technology holds a seminar on sustainable development	<b>8/2/2012</b>
A workshop for postgraduate students in the Department of Petroleum Technology	<b>1/2/2012</b>

The Department of Petroleum Technology participates in the Nahrain University symposium on modern methods in the oil industries	<b>22/1/2012</b>
<b>Activities 2011</b>	
The Department of Petroleum Technology holds an educational seminar on human rights	<b>29/12/2011</b>
A joint seminar between the Oil Technology Department and the South Oil Company	<b>27/12/2011</b>
The University of Technology participates in the International Conference for Petroleum Studies in Iraq	<b>20-22/12/2011</b>
The Department of Petroleum Technology holds a seminar on the extractive oil industry in Iraq	<b>19/12/2011</b>
The University of Technology delegation participates in the Get Energy for Iraq 2011 conference for oil and gas	<b>5-6/12/2011</b>
Participation of a delegation from the University of Technology in the first scientific conference of oil and gas	<b>26-27/10/2011</b>
A scientific symposium entitled "Circulation of Radioactive Sources and Methods of Radiation Protection	<b>10/5/2011</b>
A panel discussion on the economics of oil and gas	<b>6/3/2011</b>
A scientific discussion seminar between the University of Technology and the Ministry of Oil	<b>22/2/2011</b>
Lecture on quality assurance and university performance	<b>4/1/2011</b>
<b>Activities 2010</b>	
Seminar on oil and gas	<b>20/12/2010</b>
Science Poster Exhibition	<b>25/11/2010</b>
