

Department of Oil and Gas Engineering

Academic Staff Activities

Seq.	Activity name	Type of Activity	Date of Activity
1	The First International Conference on Petroleum and Petrochemical Technology	Conference	2019/10/4
2	Writing and documenting work models and procedures	A seminar	2018/10/22
3	Use of artificial intelligence and simulation	A seminar	2019/2/25
4	The impact of oil operations on the environment of southern Iraq	A seminar	2018/12/6
5	Methods of geological investigation of reservoirs and oil fields	Scientific lecture	2018/11/15
6	GTL gas-to-liquid technology	Scientific lecture	2018/11/15
7	Safety and security in oil sites	Scientific lecture	2018/11/13
8	Supporting crude oil recovery	Scientific lecture	2018/11/26
9	Cementation factor and carbonate reservoir properties	Scientific lecture	2018/10/18
10	Behavioral, cognitive and constructivist theories of education	Scientific lecture	2018/10/15
11	Fulbright Program	Scientific lecture	2018/10/15
12	E-learning and its application	Discussion panel	2018/10/11
13	Fulbright Scholarly Exchange Initiative Program	Discussion panel	2018/10/15
14	Technology education theory	Discussion panel	2018/10/15
15	Optimum matrix acidizing: how, much does it in the productivity	Discussion panel	2018/10/15
16	Synthesis and study the physion chemical properties of nano-zno doped with different percentagesp of iron by ol-gel method	Discussion panel	2018/10/18
17	Water resources in Iraqi marshals	Discussion panel	2018/10/18
18	Applications of soil minerals in the petroleum industry	Discussion panel	2018/10/22
19	Methods of geological exploration	Discussion panel	2018/10/22
20	Horizontal drilling	Discussion panel	2018/10/25
21	Social and health effects of modern electronic means	Discussion panel	2018/10/25

22	Gas to liquid technology	Discussion panel	2018/11/15
23	Microbial Enhanced oil recovery	Discussion panel	2018/11/26
24	Methods of oil exploration for oil reservoirs	Discussion panel	2018/11/15
25	Cementation factor correlation to carbonate properties for Nasirya oil field	Discussion panel	2018/10/18
26	Technological education theories	Discussion panel	2018/10/15
27	Modern techniques in treating oil emulsions	Discussion panel	2018/1/11
28	Clay minerals and applications in petroleum industries	Discussion panel	2018/1/11
29	Composite materials and their applications	Discussion panel	2018/12/31
30	Industrial waste treatment unit	Discussion panel	2018/12/31
31	Methods for measuring petrophysical properties	Discussion panel	2018/12/31
32	ABET self-studies report studies outcomes	Discussion panel	2019/1/7
33	The interest of the collective press in student issues	Discussion panel	2019/1/7
34	Biofuel technology	Discussion panel	2019/1/7
35	Safety and security in dealing with chemicals	Workshop	2019/4/28
36	Associated gas - its investment and environmental impacts	A seminar	2020/2/5
37	Future prospects for sustainable energy in Iraq	A seminar	2020/2/27
38	Preparing a self-evaluation according to national institutional accreditation standards	Workshop	2020/9/19
39	Course system	Workshop	2020/10/24
40	Self-evaluation report for scientific laboratories according to GIP standards	Workshop	2019/10/7
41	Evaluating the department's institutional performance according to institutional accreditation standards	Scientific lecture	2019/11/20
42	Course system	Scientific lecture	2019/11/14
43	Drilling	Scientific lecture	2020/1/27
44	Recent developments in renewable energies	Scientific lecture	2020/1/27
45	Environmental disaster management	Scientific lecture	2020/1/23
46	Safety in laboratories	Workshop	2020/1/20
47	Sedimentary rocks	Workshop	2020/1/14
48	The importance of the distillation reaction in the manufacture of gasoline fuel additives	Scientific lecture	2020/1/19

49	Types of oil contracts	Scientific lecture	2020/1/9
50	General geology	Scientific lecture	2020/1/7
51	Pollution in a field east of Baghdad	Scientific lecture	2020/2/17
52	Analytical Chemistry Laboratory	Scientific lecture	2020/2/10
53	Asphaltene problems in the petroleum industry	Scientific lecture	2020/2/6
54	visual basic	Scientific lecture	2020/2/3
55	Torsion in drill pipes:	Scientific lecture	2020/11/31
56	Ultrasound techniques in water treatment	Scientific lecture	2020/11/28
57	The concept of complete management of water resources	Scientific lecture	2020/11/14
58	The effect of integrated education on academic achievement	Scientific lecture	2020/12/26
59	Future prospects for sustainable energy in Iraq	A seminar	2020/12/15
60	A lecture on the petroleum system at the University of Technology,	Scientific lecture	2020/12/15
61	petroleum contracts and licenses and their types	Scientific lecture	2020/12/10
62	The dangers of chemicals, their health effects, and methods of prevention	Scientific lecture	2020/12/17
63	Applications of composite materials in the petroleum industry	Scientific lecture	2020/12/19
64	Key business indicators for oil projects	Scientific lecture	2021/12/12
65	Chapter The Technological University of the International Society of Petroleum Engineers organized the first electronic lectures of the first cultural season, in cooperation with the research unit in the department	Scientific lecture	2021/12/5
66	Managing scientific resources using the Mendeley program	Scientific lecture	2021/11/30
67	A lecture on how to calculate porosity from sensors Using the Techlog platform,	Scientific lecture	2021/1/16
68	Horizon Academy organizes training lectures for high school students The fourth on the oil well control simulation program	Scientific lecture	2021/1/9

	in the Petroleum Technology Department for a period of twenty weeks		
69	Water resources in the Iraqi marshes region	Scientific lecture	2021/1/2
70	Second International Conference on Petroleum and Petrochemical Technology For a period of 23 and 24 May 2021, on the university's stage, in the presence of a large number of teaching staff and researchers from withinThe university and outside it.	Conference	2021/5/23
71	Plans for developing Iraqi oil fields	A seminar	2021/1/15
72	An overview for the wellsite	A seminar	2021/5/31
73	Scientific lecture on the position of the press towards the oil industry	Scientific lecture	2021/9/14
74	Scientific lecture: The role of teaching in national classification and accreditation	Scientific lecture	2021/9/27
75	(Simulation Principles of Single Phase Flow in Porous Media)	Scientific lecture	2021/10/5
76	Scientific Lecture (Harms of smoking in light of the Corona pandemic)	Scientific lecture	2021/10/26
77	Scientific lecture on (applications of nanomaterials technology in the chemical industries)	Scientific lecture	2021/11/10
78	Scientific lecture (study of the reality of the gas situation in Iraq and the Middle East)	Scientific lecture	2021/11/22
79	Scientific lecture (Applications of artificial intelligence in the oil industries)	Scientific lecture	2021/12/7
80	Scientific lecture on (the optimal investment of hydrocarbon wealth in Iraq)	Scientific lecture	2021/12/13
81	An awareness-raising lecture on the phenomenon of bullying in universities	Scientific lecture	2022/1/10
82	An educational guidance lecture for department students under the title: The role of psychological counseling and educational guidance in improving the process	guidance lecture	2022/2/8
83	Symposium (Renewable energies and the use of crude oil in petrochemical industries)	A seminar	2022/2/21
84	Symposium (Natural radioactive materials in the oil industry Iraqi)	A seminar	2022/3/7

85	Symposium (Graduates Follow-up Unit Its Role and Objectives)	A seminar	2022/3/16
86	Symposium on (the dangers of dealing with chemicals in laboratories educational)	A seminar	2022/3/28
87	An introductory seminar about Al Ain Social Welfare Foundation Its activities and goals	A seminar	2022/4/5
88	The first student cultural festival	Festival	2022/4/18
89	A seminar on the fluctuation of the dollar and oil prices and their impact on the economy The Iraqi	A seminar	2023/5/2
90	A training workshop entitled An evaluation study of the performance of the educational process for the requirements of academic program accreditation	Workshop	2023/6/18
91	An awareness seminar entitled: Raising community awareness to deal with People of Determination	A seminar	2023/3/19
92	Workshop on occupational safety in educational laboratories	workshop	2023/3/14
93	A workshop on responsible laboratory quality standards And employees of the department's laboratories	workshop	2023/1/15
94	Scientific lecture entitled: Reservoir characterization and three-dimensional model	Scientific lecture	2022/12/28
95	A scientific lecture entitled: Applications of Geomechanics in Petroleum Engineering on Wednesday, 12/14/2022.	Scientific lecture	2022/12/14
96	Awareness seminar entitled: Forms of violence against women	A seminar	2022/12/7
97	Awareness seminar on: (The importance of early detection of cancer the breast)	A seminar	2022/10/31
98	An awareness seminar entitled: Practical steps for a better university life	A seminar	2023/4/16
99	An introductory seminar about Al Ain Social Foundation, its activities and services	A seminar	2023/4/19
100	Awareness seminar entitled The danger of drugs to young people	A seminar	2023/4/5

101	An awareness lecture entitled The role of the university in educating students against violence	Scientific lecture	2023/5/11
102	A workshop to introduce the goals, plans and programs of the Rehabilitation and Employment Division for fourth-year students	Workshop	2023/5/15
103	A training workshop for the department's third and special stage students With electronic courses	Workshop	2023/6/15
104	Workshop (Programme Engineering Accreditation Requirements)	Workshop	2023/3/28
105	Workshop (Practical steps for a better university)	Workshop	2023/4/16
