

Marwah Dhahir Abdulkhadim

Assist lecture

150060@uotechnology.edu.iq

Marwah Dhahir Abdulkhadim completed her B.Sc. in 2010 on Petroleum Engineering Department/ Collage of Engineering/University of Baghdad. She started her work with the University of Technology as an assistant engineer on 2011. She completed her M.Sc. on Reservoir Engineering in 2017 from Petroleum Technology Department/University of technology. She is currently assistant lecturer in the Department of Petroleum Technology. She has published many papers in respected scientific journals. Her research interest is in reservoir engineering, (water flooding) enhanced oil recovery, reservoir characterization, core analysis and reservoir fluid.
